JAPANESE AIM TO EXPAND INDUS

All Efforts are Turned in Direction.

SETTLED TO REGULAR W

Dissatisfaction Over Peace at mouth Only Temporary—Feel Gratitude Toward American Pe Togo to Visit United States.

New York, Dec. 14.—Lloyd Gris United States minister to Japan, rived in this city, coming by way San Francisco on a short leave of sence. Last night he talked inter ingly about Japan, her condition af the war and the present prospects the far east.

Since the war, Mr. Griscom said, t Japanese people have settled down their regular occupations. The gover ment is busy paying off its war deb and adjusting its finances. The who aim of the Japanese is toward indu trial expansion at present. All effort are turned in that direction. As t the after peace rioting Mr. Griscom said that the dissatisfaction over the peace of Portsmouth was merely tem porary and has become unimportant now. The feeling of discontent has entirely disappeared and the Japanese people feel great gratitude toward the American people and particularly to President Roosevelt for bringing about peace. The mikado issued an edict telling the people that there was a government caring for their interests and advising them to attend to their regular occupations. The people obeyed as they obey everything emanating from the mikado. Mr. Griscom declared emphatically that after the excitement due to the first news from Portsmouth had subsided the people sided unanimously with the government and recognized the wisdom of making peace with Russia. He was asked about Korea and the Japanese protectorate.

"Korea is not strictly in my province," he said, "and although I saw Marquis Ito shortly before his departure from Japan to Korea, the Korean question has developed since I left Japan. People in the United States are better informed concerning Korea than I am.

"I saw Admiral Togo frequently before my departure from Japan," the minister said. "He told me that he intended to visit the United States with his fleet next autumn, after first paying a visit to England, Japan's ally. I told him to go, that he would be cor. dially received, as the American people are always glad to welcome a brave man."

Mr. Griscom intends to go on to Washington in a day or two. His departure from this city has been delayed by a cold brought on by the change to the American climate. He had not decided just when he will return to Japan.

Atlanta, Dec. 14.—C. C. Kiser, the well known broker, shot himself with a revolver at noon Wednesday in the rear of his residence, on East Harris street, and it is doubtful whether he will recover. OUTLOOK CLEARING IN RUSSIAN TROUBLE

Believe Witte Will Yet Master the Situation.

UNION APPEALS TO STAND FIRM

Leaders of Workmen, Who Realized Their Unpreparedness For Struggle, Have Convinced Many That It Would Be Unwise to Strike.

St. Petersburg, Tuesday Morning, Dec. 12, via Eydtkuhnen, East Prussia, Dec. 13.—The restoration of cable communication with points abroad yesterday lasted only a few hours. Before midnight it was reported that the cable was cut and that dispatches must again be forwarded by courier via the German frontier. Nevertheless the outlook is clearing. The government is breathing freer with a fighting chance that Premier Witte will yet be able to steer his way through the rocks which beset his party. The threat of a general strike in the immediate future has disappeared and the telegraph strike not being supported is going to pieces in spite of the wild appeals of the union to stand firm.

At Moscow the tie-up remains complete, but many other places of communication has been reopened. The employes of both the telegraph and postal services, who were discharged by the wholesale for refusing to work, are cutting the wires wherever it is possible to do so. The leaders of the workmen and other proletariat organizations realizing fully their weakness and lack of preparation for a decisive struggle have carried the day over the hot-headed strikers and have easily convinced the majority that it would be an irretrievable blunder to prostitute what they regard as the supreme instrument for forging a free nation by using it for a minor issue like redressing the grievances of private individuals. In registering this decision they placed themselves on record "to continue the organization and equipment of the fighting legions which the old president, Krustaleff, begun."

The workmen's council yesterday sent a demand to Count Witte for the release of M. Krustaleff. Later the workmen's delegates called on Procurator Kamishansky and demanded his release, but the procurator refused bluntly, saying that the case must be tried in court.

The disappearance of the danger of a general strike seems to insure the government a certain period in which to vindicate itself and demonstrate that it is striving to realize the new order of things. The members of Count Witte's cabinet distinctly deny that the government has entered on the path of reaction, and they say that the present state of affairs cannot go on.

The situation in the Baltic provinces is now the most grave of the empire's conditions. It approaches civil war and the government was forced to appoint a governor general with sweeping administrative powers to try to restore order. All the orders in these provinces have been placed under his command.

Clergy Make Demands.

Warsaw, Russian Poland, Dec. 14.—A meeting of 417 Catholic clergymen of Russian Poland resolved this morning to demand autonomy for Poland with its own parliament, general secret ballot, the reinstatement of the Polish language in government offices, the abolition of capital punishment and full amnesty for political prisoners.

Negroes Have Row.

Athens, Ga., Dec. 14.—At a negro woman's house in Barberville, four negro men became involved in a difficulty. Will Martin shot at Ed Brawner and hit Stump Graham in the back. Graham will probably die. Brawner retaliated by picking up a lamp and throwing it at Martin. The lamp went wide of the mark and hit Moses Graham in the face, badly cutting him. Martin has escaped.

WOMAN BURNED TO DEATH.

Could Not Leave Burning Home and Bones Were Found In Embers.

Columbus, Ga., Dec. 14.—It was indeed a horrible fate that overtook Ann Peters, an old negro woman in Girard, Ala. She was nearly 90 years of age and partially paralyzed. The house caught fire in some way, and the flames overtook her as she was trying to hobble to the door. The house and contens were completely destroyed.

Searchers among the coals and ashes saw human ribs projecting from coals. A man used a hoe to rake out the remnants of what was only a few minutes before a human body, from the embers. One of her arms and both her feet were burned completely off, and the flesh was burned off her head and back and the bones were exposed. The position of the body indicated that she was trying to crawl to the open door when overcome by the heat.

CHUCKLE COST NEGRO 144 YEARS.

Was Sentenced to Coal Mines For That Time On Two Charges.

Birmingham, Ala., Dec. 14.—Frank Smith, a negro, who was sentenced at Montgomery, Jan. 4, 1905, to serve a term of 144 years in Pratt mines on two charges of criminal assault, escaped from the mines. A night constable at Woodlawn, a suburb of Birmingham, arrested a negro for vagrancy. When the prisoner showed up in court he was sentenced by the mayor to serve 10 days in the street gang.

He grinned and chuckled as he heard the sentence pronounced. A Birmingham detective, who happened to be in the court room, noticed the negro's peculiar manner, and examined him more closely. It turned out that the Woodlawn negro was Frank Smith. He will be returned to Pratt mines, where he will continue to serve his sentence of 144 years.

Both the father and mother were badly burned in attempts to save their little ones from their burning house.

Atlanta, Dec. 14.—The 1910 exposition that is to be held in Atlanta will be discussed again next week during a second meeting of the committee of 25. The sub-committee of five will meet during the latter part of this week for the purpose of discussing the report. Chairman Alex W. Smith of the sub-committee will return to Atlanta and will then be ready to receive the ideas of all members of his committee. Mr. Smith has requested all members of his committee to submit their views regarding the kind of exposition that should be held in Atlanta in writing.

Captain Lindsey Reappointed.

Atlanta, Dec. 14.—Captain John W. Lindsey of Wilkinson county, has been reappointed by Governor Terrell as pension commissioner for a term of three years from Dec. 16, 1905. This is the beginning of Captain Lindsey's third term as pension commissioner, he having served six years ending with next Saturday. There were six or eight applicants for the position besides Captain Lindsey, but most of them had practically withdrawn from the race, cutting down the opposition.

There had been erected a temporary stand around the monument for the accommodation of specially invited guests. About this stood a large crowd of citizens, who had gathered to pay tribute to the deceased journalist, soldier and citizen.

Seated upon the stand were members of the Gonzales Monument association, members of the Ladies' Auxiliary association, members of the family of the deceased, local and visiting editors and the clergy of the city.

WINS A COMPLETE VICTORY

Notwitstanding That There Was Opposition, the President Favored Those Appointments Recommended by Those Who Helped the Party.

Special to The Daily Sun.

Washington, December 14.—The names of Hon. Walter G. Robinson for register and Hon. Henry S. Chubb for receiver of the United States land office at Gainesville to succeed themselves were sent in by the President for confirmation of the Senate today, which means the reappointment of these officials.

The appointment of Federal officers in Florida have been made in accordance with the endorsement of the organized Republican party, of which Messrs. Robinson and Chubb of Gainesville and J. N. Coombs of Apalachicola, member of the National Republican committee, are the recognized leaders. This is considered a great victory for the regular organization, since there has arisen opposition to the endorsements of the organization.

Prior to the appointments the President discussed the matter with Messrs. Henry S. Chubb, chairman of the State Central Committee; J. N. Coombs, Geo. W. Allen, M. B. McFarlane, J. M. Cheney and Postmaster Geo. W. Bean of Tampa. The whole question of Florida appointments was considered, with the result that the organization was favored with every recommendation.

TWENTIETH CENTURY CLUB.

Interesting Meeting Was Held Monday at Home of Mrs. Dale.

Monday, Dec. 11th, the Twentieth Century Club held a delightful meeting at the home of Mrs. W. M. Dale. There was present a good representation of the club membership.

At roll-call all responded with something interesting about Russian customs. After a harmonious business session the president, Mrs. Colclough, resigned the chair to Mrs. Tench, who was leader of the literary program on this occasion.

Entertaining papers were read as follows: "Moscow, the Holy City," read by Miss Colclough; "Treasures of the Kremlin," by Mrs. J. B. Gerald; "Israel in Russia," by Mrs. S. B. Chapin; "The Orthodox Russian Church," by Mrs. Tench, who then led the table-talk on the Christian fetes and festivals of Russia, completing a most instructive and interesting program.

On New Year's evening the club will give a beautiful reception and Russian tea. The spacious parlors of Mrs. Dale's new home will be appropriately decorated and used for this occasion. The ladies will attend in Russian costume, and as far as possible the costumes and ceremonies of that country will be observed. Committees for this function will be appointed by the president and published at a later date.

REAL ESTATE STILL MOVES.

G. B. Crawford Sold to M. A. Bennett Property in North Gainesville.

Real estate is still active in this city and suburbs and almost daily there is some record made of a transfer.

The latest transaction involves valuable property in North Gainesville, G. B. Crawford having sold to Milo A. Bennet a part of what is known as the old tobacco farm on the rock road and also a three-acre plat which he recently purchased from W. S. Campbell, North Gainesville.

Both properties are valuable and it is understood that Mr. Bennett will improve them at once. The first mentioned already has a good, comfortable house, but this will be renovated and improved.

MOTHER AND CHILD.

Let the mother take Scott's Emulsion for the two; it never fails to benefit them both. One can eat for two, but nourishing two is a different thing. It calls for a degree of internal strength that the average woman lacks. People of luxury are not very strong by habit; overworked people are weak in some functions from exhaustion or their surroundings. Scott's Emulsion can be depended upon to overcome such conditions. It is a wonderful food for a mother and child.

HUMPTY DUMPTY.

A Novel Attraction at the Opera House Saturday Night.

On Saturday night the fairy pantomime of Humpty Dumpty, with the great master of funny clowns, George H. Adams, in the title role, will be seen at the opera house. This production is a combination of comedy, opera, vaudeville and pantomime by a company of twenty artists of note.

The most noted of the vaudeville acts is that of "Eve," the wonderful mystery, delineating the birth of woman out of space and within full view of the audience. This act is one of the most noted now before the American public and is a most marvelous performance in itself.

Manager Layton having the interest of the theatre-going public at heart, has not forgotten that a clean, efficient and up-to-date performance never fails to attract and his present production of Humpty Dumpty has in its fibre the very essentials of refinement of humor and artistic splendor.

A Fine Car.

The private car of Division Superintendent H. A. Ford of the Atlantic Coast Line, No. 810, has just been turned out of the High Springs shops after a thorough overhauling and repairing, and is now a "thing of beauty." The car was brought to this city Wednesday, where the elegant furniture and furnishings were replaced and Superintendent Ford may now feel assured that he has one of the handsomest and most modern cars of the great system.

This car was the old "Interlachen," a parlor car formerly in service on the Florida Southern railroad, when that road was a narrow-gauge. It was built especially with a view to comfort and convenience and is large and roomy, containing all the conveniences of a home.

Failed.

All efforts have failed to find a better remedy for coughs, colds and lung troubles than Foley's Honey and Tar. It stops the cough, heals the lungs and prevents serious results from a cold. J. N. Patterson, Nashua, Iowa, writes: "Last winter I had a bad cold on my lungs and tried at least half a dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and two-thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world." J. W. McCollum & Company.

WILL FIGHT MEASURE.

Jordan to Wage War Against Demand For New Cotton Estimate.

Atlanta, Dec. 14.—President Harvie Jordan of the Southern Cotton association left Tuesday at noon for New York city, where he goes to address the Southern Society of New York at its annual banquet Wednesday evening.

Mr. Jordan will speak to the southerners of New York of the conditions in the south, and especially of the great farmers' movement, giving them some idea of what the Southern Cotton Association has accomplished toward increasing the price of cotton. His address promises to be one of the features of the big banquet.

On his return Mr. Jordan will stop in Washington and begin a fight against the passage of the Lovering resolution, introduced in congress Monday. This resolution, which was presented by Congressman Lovering of Massachusetts provides for the issue of a second report on the cotton crop by the department of agriculture on Jan. 10, on the ground that the recent estimate was incorrect.

Mr. Jordan says that the resolution is a vicious one, and that if it should pass congress it would have an unfortunate effect, as it would lead the country to believe that congress considered the recent report a false one.

As the best demonstration that Mr. Shaw is a farmer of the right sort, it may be mentioned that he brought to market a quantity of fine sausage, spare ribs and backbone, which he placed upon sale, and which were disposed of readily at good prices. He kills every year not only sufficient meat to last his family from one season to another, but has plenty to spare.

Among those who took advantage of the excursion rate to Jacksonville account of the reunion of the United Confederate veterans were County Clerk S. H. Wienges, Captain John J. Thompson, Major John W. Tench, Mr. and Mrs. T. L. Boulware, Mr. and Mrs. W. M. Pepper. Messrs. Wienges, Thompson, Tench and Boulware are veterans of the Civil War and have a fine record to their credit. They went to take active part in the ceremonies.

W. T. Jones, who for a number of years has been a resident of this city, having been identified with various grocery stores in the capacity of salesman, and for the past few months proprietor of the Gainesville Pressing Club, has accepted a position as manager of the commissary of the Dutton Phosphate Co., near Lake City, and expects to assume the position at once. Mr. Jones has proved himself to be one of the most popular salesmen in the city and his services have always been in demand. While the people of Gainesville regret to lose himself and family as residents they nevertheless wish them much success in their new home.

Williams Sentenced.

William F. Williams, the Pensacola murderer, was sentenced on Tuesday afternoon by Judge Carter, to life imprisonment. Judge Carter's sentence, which reviewed the case and the evidence introduced at the trial, was listened to with rapt attention.

It had little effect upon the prisoner, however, who sat unmoved, and who occasionally smiled as the court would remark upon the crime.

When a life sentence was passed, the prisoner only said: "I have no recollection of killing either John White or Edwin Dansby. They were the best friends I had in the world, and I would rather have killed my mother than either."

Williams was employed as a clerk in the store of John White when he committed the double murder.

Becoming intoxicated and believing he had been wronged, he shot the proprietor dead, then turned the revolver upon Dansby, a fellow clerk, killing him, and afterwards shot James White, the son of the proprietor.

Coughing Spell Caused Death.

"Harry Duckwell, aged 25 years, choked to death early yesterday morning at his home in the presence of his wife and child. He contracted a slight cold a few days ago and paid but little attention to it. Yesterday morning he was seized with a fit of coughing which continued for some time. His wife sent for a physician, but before he could arrive another coughing spell came on and Duckwell died from suffocation.—St. Louis Globe Democrat, December 1st, 1901." Ballard's Horehound Syrup would have saved him. 25c, 50c and $1. Sold by W. M. Johnson.

Masons Elect Officers.

At the last meeting of Gainesville Lodge No. 41, F. & A. M., the following officers were elected for the ensuing term: W. B. Higdon, W. M.; D. M. Tomkies, S. W.; R. T. Schafer, J. W.; Jos. G. Torrey, treasurer; Robt. McClellan, secretary. A review of the work of the past season showed the lodge to be in excellent condition, with an increased membership. Gainesville lodge was never in better shape.

TISON "SAW THE BEAR."

Jumped a Big Animal in San Felasks Hammock on Recent Hunt.

P. M. Oliver and Dr. Gordon B. Tison returned Thursday from a three-day hunt in the wilds of San Felasks hammock, and report big luck.

An exciting experience of this hunt was when Dr. Tison confronted a large bear in the hammock. With deliberate aim he discharged the contents of both barrels of a shotgun at bruin, but the shot being small, were ineffective. The animal was wounded, however, as Dr. Tison states that he reared high on his haunches, uttered a loud groan, and made a retreat as fast as his legs could carry him.

Messrs. Oliver and Tison killed a quantity of small game, such as quail, squirrels, etc., and altogether the hunt was a most enjoyable one.

Torture of a Preacher.

The story of the torture of Rev. O. D. Moore, pastor of the Baptist church of Harpersville, N. Y., will interest you. He says: "I suffered agonies, because of a persistent cough, resulting from the grip. I had to sleep sitting up in bed. I tried many remedies without relief until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which entirely cured my cough and saved me from consumption." A grand cure for diseased conditions of throat and lungs. At all druggists; price 50c and $1.00, guaranteed. Trial bottles free.

A Handsome Case.

A handsome new sile[illegible]lesman showcase has been insta[illegible]he drug store of J. S. Bodiford[illegible]. The case was made in this city[illegible]d is equal to anything of the kind which could have been produced in the United States.

There is no use or no policy in sending money to the manufacturers in other sections of the country for work of this class, especially when the quality is as fine and the prices lower than others, considering the freight.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

Death of Rev. Posey.

Rev. J. W. Posey, pastor of Mt. Carmel Baptist Church, colored, died very suddenly at his home on West Church street Wednesday night about 9 o'clock, of heart failure.

Deceased ate a hearty supper and was sitting in his study reading, when he complained of a weakness about the heart. In a few moments he reeled from his chair and fell to the floor, where he expired before medical aid could reach him.

The funeral was held Thursday afternoon, and was well attended.

A Record Breaker.

It is said that the greatest and quickest permanent advertising success on record is that of Cascarets, Candy Cathartic, which have been persistently advertised in every way, but chiefly in newspapers for about six years. In that time the sale of Cascarets has grown from nothing to over one million boxes a month. This wonderful record is the result of great merit successfully made known. Those who tried Cascarets as a direct result of advertising were pleased and recommended the article to their friends, until its fame was spread to become universal.

The Fort Pierce News is now on its third year of existence and judging from the appearance of its advertising columns it is doing a considerable more than "existing." The News is a first-class paper, deserving a good patronage, as all know that a live paper, well patronized, indicates a live town.

We can rest assured that our Congressman, Frank Clark, will give a good account of himself while in Washington. He is a worker, and he makes every blow count. He is nearer the old school of statesmen than any man we have met for a long time, and has the ambition to do things, not because of the notoriety, but because they ought to be done.

DESERVED TRIBUTE.

The people of Columbia, S. C., and the people of the whole South-State contributing, unveiled a handsome monument Tuesday, Dec. 12th, to the memory of of N. G. Gonzales, the editor of The State of that city, who nearly three years ago was shot down in cold blood by Lieut.-Governor Tillman, following a controversy growing out of editorial utterances.

The monument stands on one of the most beautiful thoroughfares of the city, and is forty feet in height. The fund to erect the monument was raised by popular subscription, contributions coming from every county in the State. Editor Gonzales was loved by the people for his uprightness, his patriotism and devotion to his home city. He was founder and first editor of The State, and for twelve years he wielded the pen on that paper with credit to himself and the people.

His untimely death cast a gloom over the entire State, and the following, which is inscribed on two sides of the monument, shows the kindly sentiment of the people of his home city:

Great Editor,
An Eminent Citizen,
An Honest Man,
Without Fear and Without Reproach.
His Fellow-Citizens Rear
This Monument
To Perpetuate His Memory.

And these lines by J. G. Holland:

"God give us men.
A time like this demands
Strong minds, great hearts, true faith and ready hands,
Men whom the lust of office does not kill;
Men whom the spoils of office cannot buy;
Men who possess opinions and a will;
Men who have honor; men who will not lie;
Men who can stand before a demagogue
And damn his treacherous flatteries without winking;
Tall men, sun-crowned, who live above the fog;
In public duty and in private thinking;
For while the rabble, with their thumb-worn creeds,
Their large professions and their little deeds,
Mingle in selfish strife—lo! Freedom weeps,
Wrong rules the land and wailing Justice—sleeps."

INDUSTRIAL EDITION.

That Industrial Edition of The Gainesville Sun was a hummer. The Sun has an excellent habit of doing everything well.—Live Oak Daily Democrat.

No handsomer "special edition" has appeared in recent years than that of The Gainesville Sun issued a few days ago. It is a gem.—Tallahassee True Democrat.

The Industrial Edition of The Gainesville Sun is a credit to Brother McCreary and Gainesville. Nothing nicer could have been gotten out anywhere.—Levy County Advocate.

The Industrial Edition of The Gainesville Sun is very attractive and gives much useful and interesting information concerning Alachua county and Gainesville, the future Athens of Florida.—Cocoa and Rockledge News.

The Industrial Edition of The Gainesville Sun was one of the best in our opinion that has ever come from the Florida press. We like its size and arrangement and the work is good from the first to the last page. Good, Brother McCreary!—The Eustis Lake Region.

The Industrial Edition of The Gainesville Sun, a copy of which has reached us, is a magnificent publication of which the advantages of Gainesville and Alachua county are most attractively set forth in picture and text. Brother McCreary deserves great commendation for his excellent work.—Madison Enterprise.

The Industrial Edition of The Gainesville Sun, published for circulation at the State Fair, is certainly a most creditable paper and shows Gainesville and Alachua county up in a fine light. Alachua county with its fertile lands, magnificent timber, mineral deposits, and wealth of industrial enterprises, is a principality within itself and in The Daily and Weekly Sun it has a most faithful and diligent exponent. Than Senator H. H. McCreary and his newspaper there are few men or enterprises that have contributed so largely to the splendid development of Alachua county. It is but simple justice that he should hold a high place in the esteem of his fellow-citizens and that his newspaper, to which he has already devoted many of the best years of his life, should be deeply rooted in their affections.—Macon Telegraph.

Midshipman Minor Meriwether is all right. He is made of the right stuff, as the following remarks by him regarding the verdict in his case will show: "I am more than happy that the court martial has declared that I am not guilty of causing the death of Midshipman Branch. I do not feel that my sentence is unjust and I intend to spend my time in hard work so that I may make a record in the navy that will cause people to forget my part in this sad affair."

Insurance Man Under Arrest.

Rome, Ga., Dec. 14.—G. W. Hallett, a well-known insurance man of Rome, with an office in the Masonic Temple building, was arrested Tuesday by Deputy Sheriff Broach upon a warrant charging him with issuing bogus insurance policies. The warrant was sworn out at the instance of a representative of the Georgia Co-operative Fire Insurance company, who came to Rome to "adjust" the loss sustained by the fire which seriously damaged the Echols residence on the night of Nov. 12. Through Hallett Echols thought that he was obtaining a bona fide policy, and applied to the agent who issued him policy No. 1437, apparently in the regular way, for $600, and had paid to Hallett the premiums.

Sewer Gas Exploded.

Chicago, Dec. 14.—One boy was slightly injured, windows at the Wellington and Stratford hotels were shattered and several hundred dollars worth of electric wiring destroyed this morning by an explosion of sewer gas in the alley just back of the Wellington hotel, at Jackson Boulevard and Wabash avenue. A teamster last night dumped several tons of soft coal into the electric light vault, completely blocking it, and choking up a vent for the gas.

She tried a bottle of Foley's Honey and Tar and it gave immediate relief. A 50-cent bottle cured her cough entirely." Refuse substitutes. J. W. McCollum & Company.

"I had kidney trouble for years," writes Mrs. Raymond Conner of Shelton, Wash., "and the doctors could not help me. STYLED "OFFICIAL BUTCHER."

Notre Dame Professor Wrote Card to Sheriff Who Hanged Woman.

Indianapolis, Ind., Dec. 14.—For sending a postal card addressed to H. H. Peck, "Official Woman Butcher, Windsor, Vt.," through the mails, Robert L. Green, professor of chemistry at Notre Dame university, was fined $10 and costs, upon a plea of guilty, in the United States district court.

The card was sent to H. H. Peck, sheriff at Windsor, in connection with the case of Mrs. Mary Rogers, who was executed last Friday for the murder of her husband. The charge contained in the indictment found against Green by the last federal grand jury was sending offensive and scurrilous literature through the mails.

In extenuation of his offense Green said that the card was written and sent upon impulse after reading of the case, without being fully acquainted with its details.

Wants An Agent at New York.

Montgomery, Ala., Dec. 14.—Governor Jelks, who has returned from the immigration conference in New York, says he will call a meeting of industrial men and railroad officers in a few days to arrange a plan for Alabama to have an agent at New York, and possibly one abroad, to induce immigrants to come this way. He considers that the New York meeting will be productive of great good to the south.

Commission Controls Sidetracks.

Raleigh, N. C., Dec. 14.—The supreme court in the case of the corporation commission in the petition of the Round Pine Lumber company vs. the Seaboard Air Line railway, decides that the commission has full power to order the construction and location of sidetracks.

Furious Fighting.

"For seven years," writes Geo. W. Hoffman of Harper, Wash., "I had a bitter battle with chronic stomach and liver trouble, but at last I won, and cured my diseases by the use of Electric Bitters. I unhesitatingly recommend them to all, and don't intend in the future to be without them in the house. They are certainly a wonderful medicine, to have cured such a bad case as mine." YOUR HAT

May Be a Stylish One, But It Makes Trouble.

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for.

Baldheads are growing more numerous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of Dandruff it is a sure sign that these countless germs are busily at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newbro's Herpicide to the scalp—it will kill the germs and healthy hair is sure to result.

NO TONGUE CAN TELL SUFFERING

From Itching and Bleeding Eczema —Pain Terrible—Body and Face Covered with Sores — Doctors and Medicines Failed.

ANOTHER WONDERFUL CURE BY CUTICURA

"No tongue can tell how I suffered for five years with itching and bleeding eczema, until I was cured by the Cuticura Remedies, and I am so grateful I want the world to know, for what helped me will help others. My body and face were covered with sores. One day it would seem to be better, and then break out again with the most terrible pain and itching. I have been sick several times, but never in my life did I experience such awful suffering as with this eczema. I had made up my mind that death was near at hand, and I longed for that time when I would be at rest. I had tried many different doctors and medicines without success, and my mother brought me the Cuticura Remedies, insisting that I try them. I began to feel better after the first bath with Cuticura Soap, and one application of Cuticura Ointment. I continued with the Soap and Ointment, and have taken four bottles of Cuticura Resolvent, and consider myself well. Any person having any doubt about this wonderful cure by the Cuticura Remedies can write to my address. Mrs. Altie Etson, Bellevue, Mich."

ITCHING ECZEMA

And All Other Itching and Scaly Eruptions Cured by Cuticura.

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of scalp, as in scalled head; all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment, and Pills are such stands proven beyond all doubt.

Cuticura Soap, Ointment, and Pills are sold throughout the world. Potter Drug & Chem. Corp., Boston, Sole Proprietors. Send for "How to Cure Eczema."

Charged With Conspiracy.

New York, Dec. 14.—The trial of Abraham Hummel, one of New York's most widely known lawyers, on the charge of conspiracy, was on the calendar before Justice Rogers in the supreme court today. The charge against Hummel grew out of the sensational Dodge-Morse divorce litigation, in which it was alleged that Hummel entered into a conspiracy to procure perjured evidence. Former Supreme Court Justice Edgar L. Furman also was indicted on the charge of conspiracy in the same case.

Remarkable Cure.

"I was much afflicted with sciatica," writes Ed C. Nud, Iowaville, Sedgwick Co., Kan., "going about on crutches and suffering a deal of pain. I was induced to try Ballard's Snow Liniment, which relieved me. I used three 50c bottles. It is the greatest liniment I ever used. Have recommended it to a number of persons. All express themselves as being benefited by it. I now walk without crutches, able to perform a great deal of light labor on the farm." 25c, 50c and $1. Sold by W. M. Johnson.

Gunboat Hist Returns to Port.

Newport, R. I., Dec. 14.—The gunboat Hist was sighted coming into the harbor just before 9 a. m. The Hist went out to assist the disabled Nantucket South Shoals lightship on Monday morning before the storm in which the lightship sunk had abated.

The Requisite of Beauty.

The first requisite of beauty is a clear complexion. Orino Laxative Fruit Syrup clears a sallow, blotched complexion, as it stimulates the liver and bowels, and the eyes become bright and clear. You owe it to your friends to take it if your complexion is bad. Orino Laxative Fruit Syrup does not nauseate or gripe and it is very pleasant to take. Refuse substitutes. J. W. McCollum & Company.

A Fearful Fate.

Keep Your Head Clear

And your stomach free from Indigestion if you would be happy with your family and your fellow-man.

The surest thing on earth to get a man's system "out of whack" is heavy, soggy bread, which is caused by several reasons: First, the material may not be good; second, the cooking may be poor. The best flour in the world will make the heaviest bread if improperly mixed or cooked. WE USE THE BEST FLOUR and our "long suit" is knowing how to mix and bake it. Our bread does not cost any more than home-made, and in many instances it is so much more palatable.

CAVE OF THE WINDS.

The Vision Carved In Stone Under Its Hills of Dakota.

The great wind cave has the form of an eight story house, each story, or stratum, containing a distinct formation of its own and each containing chambers of a size and magnificence of decoration such as have never been found in any subterranean cavern of the world.

It is a dream, a nightmare, a vision, carved in solid stone under the green hills of Dakota, stone as white as the milk the hired man used to give us to drink in the dawn of a happy June morning, stone as red as the heart of the first bloodroot that you dug in the spring when the world was all spring to you and stone that is blue with a blue that all the painters who have ever painted Venice have tried to get for generations and have failed.

Frozen fountains are there, white with the leaping foam of untold ages, sculptured cats and horses and great monsters to be dreamed about o' nights and feared in dark corners in the daytime, organs built by the hands of giant gnomes for a Titan to play wild hymns of praise upon, a kitchen for the cooking of weird dishes never thought of up here in the sunshine, all manner and all kinds of rooms, ninety miles of them, down there under the hoofs of the gallant little range horses who pound the grass into hay the year round, up there in South Dakota.

ICE FOR HEATING.

One of the Oddities of Our Modern Civilization.

The use of ice for heating purposes is one of the oddities of our modern civilization. Often it happens that a train carrying fruit from the south to the northern market encounters a cold spell while en route. If the temperature goes below a certain point the perishable merchandise will be ruined. But such a misfortune may be prevented by covering the fruit car with a coat of ice, a thing easily accomplished by turning a hose upon it and allowing the water to freeze until the whole vehicle is enveloped in a glassy and glittering blanket.

It may, indeed, be appropriately called a blanket, inasmuch as it prevents the radiation of heat from the interior of the car. The ice being a good nonconductor the warmth is retained and the fruit, or possibly it may be vegetables, goes on its way unspoiled even by zero weather.

Cars used for transporting oranges and other fruit from California to the east are often provided nowadays with large cylindrical "ice stoves," as they might be called, at each end, which, while useful in summer time for refrigeration, are filled with ice during a cold spell in winter. When the temperature outside is at zero or below, the ice, at 32 degrees F., is comparatively warm, and thus the "stoves" described act as heaters.

Physiognomy.

Dr. Barnardo, the great London child saver, was once discussing crime and criminals with a Scotland Yard expert and expressed his disbelief in the theories of heredity and criminal physiognomy. He produced two photographs of two well known men and showed the faces only to the expert. "One," he said, "is that of a once notorious criminal, and the other is that of a notably good man. Tell me which is which." Without hesitation the expert designated one of the photographs as that of the notorious criminal. Dr. Bernardo was triumphant. The expert criminologist had chosen the photograph of an archbishop of Canterbury.

A Quick Delivery Letter.

It is a curious fact that a century and a half ago a letter traveled much faster than ever it has done since. It was in 1753 that Lord March made a heavy wager that he would cause a letter to be conveyed 100 miles within an hour. His lordship engaged a score of cricketers, all expert throwers and catchers, had the missive inclosed in a ball, and, arranging his men at intervals in a circle, got them to throw the ball as swiftly as possible from one to another. At the end of the hour it was found that the letter had traveled almost exactly 120 miles.—Era Magazine.

To Spite His Wife.

A Parisian actor who formerly made a good income in his profession is now earning his living as a cab driver. He has taken this step to spite his divorced wife. Wherever he went she put a lien on his salary. The actor found that the only occupation in which his wife was helpless against him was cab driving, because he drew no wages and had to pay for the hire of the cab. He says he is making a good living and is quite happy.

Look About You.

It is wonderful how much one can learn by cultivating the habit of observation. As you walk in the street or ride in the car you pick up a surprising amount of information. Our fellow beings are intensely interesting, and they are constantly teaching us something or other. Do not let your knowledge stagnate. Put it to some practical use.
